CMC SUMMER HIGHLIGHTS

The Community Media Center of Santa Rosa has been busy this summer with a variety of fun activities!

The following are just a few of the activities we are up to this season:

- >CMC has offered several special group trainings to several organizations and public departments including the Santa Rosa Fire Department and Tengo La Voz, a group of Latino Youth working with KRCB.
- >Working with The City of Santa Rosa Parks and Recreation Department, CMC is offering several week long sessions of Summer Video Camp taught by CMC staff members Isaac Lefkowitz and Vanessa Vann. The Summer Video Camp sold out fast, so mark your calendar for sign ups for next year!
- >CMC will be occasionally setting up an informational table at the Santa Rosa Wednesday Night Market this summer, so if you see us there please swing by and say hello!

PRODUCER'S ROUNDTABLE RECAP

The Community Media Center of Santa Rosa would like to thank everyone who attended the CMC Producer's Roundtable on July 11th 2008. The event was a great success with over 35 members in attendance. CMC Media Production Specialist Evan Johnson hosted the event with Executive Director Dan Villalva. Members and staff caught up with one another, discussed their projects, watched a reel of clips created by CMC members, and finished the evening off with a discussion on a variety of topics.

CMC is looking forward to hosting Producer's Roundtables several times a year! We will keep you posted as dates and details become available!

CMC HOLIDAY & STAFF DEVELOPMENT DAY HOURS

Please note: The Community Media Center of Santa Rosa will be closed to the public on Thursday August 7th 2008 for a staff development day. We will also be closed on Saturday August 30th 2008 & Monday September 1st 2008 in observance of Labor Day.

Production Tips

MICROPHONE TIPS

- > Looking for some advice about microphones?
- > Need help organizing the mics for a multiple microphone shoot?
- > Want to keep your microphones from rolling around on the set up table backstage?
- > Are you looking for a way to code the microphones to match them with the audio board?

Then check out these helpful tips!

Trying to keep microphones from rolling around on the set up table backstage?

- Try "taping used batteries to the table as guards".

-Tip from Tom Adams in Dick Reizner's "Tips to Clip", Videography Magazine, January 2005.

Are you using multiple microphones for a shoot and want to keep them organized?

- Divide the table backstage "into labeled squares to keep track of the multiple microphone setups. If a mic must be moved from person to person, it's also a good idea to write the recipient's name in the square."

-Tip from Tom Adams in Dick Reizner's "Tips to Clip", Videography Magazine, January 2005.

- Use color coded "tape on each microphone and match them with colored tape on the audio board".

-Tip from Dick Reizner, "Tips to Clip", Videography Magazine, January 2005.

Having difficulty trying to hide the wire from your lavalier microphone?

- Try taping the wire to the underside or back side of your jacket. This also helps keep the mic stabilized when you move around.

-Tip from Desirée Poindexter here at CMC. .

Do you have great production tips you would like to share with other Community Media Center members?

E-mail them in to Desirée Poindexter at dpoinindexer@communitymedia.org and they may end up in the newsletter portion of the program guide!
